

HydrOxygen®

ADVANCED MOLECULAR OXYGEN SUPPORT*

KEY BENEFITS

- Enhances cellular oxygen utilization to support energy, detoxification, and recovery*
- Promotes mitochondrial efficiency and resilience against oxidative stress*
- Features high conductivity and low pH for optimal oxygen transfer and nutrient delivery*

PRODUCT DESCRIPTION

HydrOxygen is a breakthrough liquid supplement designed to enhance oxygen availability and utilization at the cellular level.* Oxygen is fundamental for mitochondrial energy production, detoxification, and whole-body vitality — yet modern environmental stressors and toxin exposure can compromise efficient oxygen use.

This advanced formula provides stabilized, bioavailable oxygen in a high-conductivity, low-pH solution, allowing for more effective oxygen transfer across membranes and greater nutrient delivery throughout the body.* The low pH environment also helps maintain ingredient stability

LABEL INFORMATION

Directions: Shake well before use. Dilute 10 drops (approx. 0.5 mL) in 8 oz of water twice daily, or as otherwise directed by a healthcare practitioner. Can be taken with or without food.

CAUTION: Please consult your healthcare practitioner before use if you are breastfeeding, or considering use for a child. Do not use if pregnant or planning to become pregnant. Store in a cool, dry place.

KEEP OUT OF REACH OF CHILDREN.

through digestion and supports systemic pH balance for optimal metabolic function.*

By promoting efficient oxygen uptake, HydrOxygen helps fuel stamina, recovery, and cognitive clarity while supporting the body's natural detoxification and antioxidant defenses.*

Formulated with BioActive Carbon® Technology, HydrOxygen offers enhanced stability, absorption, and targeted delivery — helping oxygen support reach the tissues and systems that need it most.*

Supplement Facts

Serving Size 10 Drops (0.5 mL)
Servings Per Container About 120

Amount Per Serving

HydrOxygen® Blend	157 mg†
Organic Jerusalem Artichoke Tuber, Sea Mineral Concentrate, [BioActive Carbon® Technology BC2 (Citric Acid, Humic Shale (containing Fulvic Acid))], Organosulfur (MSM), Marine Algae (<i>Lithothamnion spp.</i>), Dimagnesium Malate	

Not a significant source of magnesium

† Daily Value (DV) not established.

Other Ingredients: Purified Water, Organic Fermented Dextrose (to preserve freshness).
